

We are the 'Concierge of the Ports'

Over four decades, Swan Supplier has become a true partner to our customers , a legacy that we are very proud of. As we embark on a new future,

our ambition is to become the most innovative, agile, solutions driven, global concierge in the maritime industry.

Sectors we serve

Our global network of 500 professionals are passionate about bringing our customers across different sectors the full suite of port services in a cost-effective and efficient manner any-thing, anytime and anywhere.

- Merchant vessels
- Cruise
- Offshore
- Navy
- Fishing

Our Services

We are proud to offer an extensive portfolio of integrated maritime solutions that 'Keeps you sailing'

Ship Supply

Global network with a local touch With a reliable global network staffed by highly trained individuals with pertinent knowledge of the local markets, we provide supplies of every kind to all types of vessels and offshore locations.

Provisions & Bond Stores

Our Local Market is famous for products quality and prices reasonability. Vegetables & fruits bought daily fresh from the market, which are mostly available year As there are differences in taste and ships crew nationalities, we also out source products from all over the world to meet and satisfy our client's needs at reasonable prices. We also maintain cooling chain as Products are warehoused in cooling and freezing rooms and transported in refrigerated trucks.

Bonded Stores

Items of bonded stores, beverage, cigarettes, confectionary, perfumes, electronics, gifts and souvenirs at highly competitive prices

Deck, Cabin and Engine Stores

Our company can meet all requirements relating to deck, cabin and engine stores.

These supplies include, for example, fire extinguishers, new and second hand anchors, chains, lifeboats, liferafts and engine spare parts. All equipment is packed in special boxes ensuring that they are transported with absolute safety from our storage area to the vessel.

Technical, safety & Electrical equipment and Support services

Our company provides technical and safety support services and can supply vessels with the latest approved safety equipment and machinery. Also, our company can organize and co-ordinate repairs, ranging from electrical motor rewinding, turbochargers, main and auxiliary engine, re-conditioning service of pumps, lifeboats repairs and repairs in radio room. Our technical and safety support services include servicing of life rafts, fire extinguishers. We organize also under water survey, cleaning, propeller polishing, under water repair and welding.

Spare Parts

As a special service to our customers we collect spare parts from their supplier or from trucking companies' facilities and deliver them, free of road transportation expenses, to the ships we undertake to supply along with the rest of the order also we can arrange to take spare parts to workshop, deliver back to the ships after repairs and vice versa. If required, we handle Spare Parts of our customers, keeping them in our warehouse and deliver when and where they are required.
